HOUSEHOLD DEPARTMENT, BETHEL ST.

In addition to the stock of J. T. Waterhouse, have lately
ordered lines of—

Daulton, Minton and Haviland Ware,
Crockery, Lamp Ware, Japanese and
China Lacquered Ware,
Fine Cut Glass Ware.

The above are being opened as rapidly as possible and
having been bought at the factories at prices ruling previ-
ous to late advances, offer exceptional opportunities for pur-
chases at bargain rates.

Bath Tubs and Sanitary Plumbing Fixtures.

SEWING MACHINES
The Wilcox and Gibbs
Automatic, New Victoria
and the Pan American
Hand Machine.
HOUSEHOLD SUPPLIES
In great variety.

There Are Plumbers and Plumbers.

OUR SPECIALTY IS
Sanitary Plumbing.

There's as much difference between plumbing and SANI-
TARY PLUMBING as there is between daylight and darkness.
Anyone can put a lot of pipes together and run them off
anywhere, but with Honolulu's surface sewerage the essential
point is to have the plumbing done in a way that makes the
Sanitary conditions perfect.

DETAILS OF LATEST FIGHT

British Columns Kept in Motion—
Losses Given—London Uneasy
—Official From Front.

A FIGHT.

LONDON, Oct. 24.—The War Office published tonight a dispatch from Col. Baden-Powell, the British commander at Mafeking, dated October 15, and forwarded from Cape Town. It says: "All well here. In a fight today, four miles from Mafeking, the armored train, a section of the British South African police and two squadrons of the protectorate regiment repulsed the enemy, losing two killed and fifteen wounded, the latter including Lieutenant Bentinck, Ninth Lancers, and Lieutenant Bray of the protectorate regiment, both slightly. The enemy's loss is estimated at fifty-three killed, besides many wounded. The names of our killed and wounded will follow. All worked splendidly and are very anxious for the next meeting with the enemy."

A dispatch from Kuruman, Cape Colony, dated October 19, via the Orange river, says a dispatch rider had furnished details of the fight at Mafeking October 14. They confirm the advice and show that Colonel Fitzclarence's squadron was nearly outflanked by the Boers. The armored train was unable to assist the squadron for fear of hitting the British soldiers. Colonel Baden-Powell signaled to Fitzclarence to retire, but the latter replied that he was hampered by his wounded, could not desert them and could not return without reinforcements. Lieutenant Lord Charles Bentinck of the Ninth Lancers was then ordered with a squadron to disengage Fitzclarence, and the retreat was effected in good order.

The efficacy of the armored train was thoroughly proved. The crew did great execution. While the fighting was proceeding outside the town, the splendid spirit of the townsmen stood by the defenses of the town. Splendid spirit is said to have been shown by every one, even the women shouldering Lee-Netford rifles, which they know how to handle.

Major Baillie had an exciting experience near Mafeking while attempting to convey orders. A hot fire was opened on him, and Baillie's water bottle was shattered. The next moment his horse was shot and Baillie had a narrow escape from capture. He reached the train.

A courteous note has reached Colonel Baden-Powell from General Cronje, the Boer commander, offering facilities for the interchange of wounded and prisoners. This indicates that when the Boers fired on the ambulance train, which was attempting to pick up the dead, they did so by mistake. A native rumor says Colonel Plummer, at Tuli, has engaged and defeated a force of Boers.

KIMBERLEY.

CAPE TOWN, Oct. 24.—A dispatch from Kimberley, dated October 21, and brought by a dispatch rider to the Orange river, has just arrived here. It says: "The position in Kimberley is unchanged. The siege continues. Yesterday the armored train found the enemy in the same position in the Spytfontein neighborhood."

OFFICIAL FROM FIELD.

LONDON, Oct. 25.—The following dispatch from General Sir George Stewart White to the Marquis of Lansdowne, Secretary of State for War, received last evening at 11 o'clock, was posted at the War Office soon after midnight:

"LADYSMITH, Oct. 24, 9 p. m.—Information received yesterday showed that the Boers had established themselves in considerable numbers in an exceedingly strong position west of the main road leading from Ladysmith to Dundee. I also had information that the Dundee force, formerly commanded by General Symons, and since his wounding commanded by General Yule, was falling back on Ladysmith by way of the Helpmakkarr road, Beth and the valleys of the Waschbank and Sunday rivers, and was expected to report at Sunday river valley today. Therefore move out with a strong force to cover the movement of Yule's column."

"The enemy was discovered about seven miles out of Ladysmith in a position of great natural strength, west of the road. When he saw that preparations were being made against him he opened fire with one gun with great accuracy. Our artillery soon got into position, and the gun was silenced. Our troops were ordered to occupy a strong ridge, parallel to the enemy's position, but nearer to the road. I confined my efforts to occupying him and hitting him hard enough to prevent his taking action against Yule's command. Numbers of the enemy fled to the west, and the firing had practically ceased at 2 o'clock."

BOER FORCE.

LONDON, Oct. 25.—According to a Brussels dispatch Dr. Leyds, the diplomatic agent of the Transvaal in Europe, has issued a statement that the Boers have now nearly 100,000 men in the field.

RHODES' HEAD WANTED.

LONDON, Oct. 25.—A report is in circulation that President Kruger has put a price upon Cecil Rhodes' head, holding the great South African magnate to be the cause of all the Transvaal troubles. It is said that 300 acres

A Mother's Responsibility

A great responsibility rests upon mothers at the time their daughters are budding into womanhood. If your daughter is pale, complains of weakness, "tired out" upon slight exertion, if she is troubled with headache or backache, pain in the side, if her temper is fitful and her appetite poor, she is in a condition of extreme peril, a fit subject for that most dreaded of all diseases—consumption. If you notice any of these symptoms lose no time in procuring

Dr. Williams' Pink Pills for Pale People

They will assist your daughter to develop properly and regularly; they will enrich the blood, strengthen the nerves, and all danger of consumption and premature death will be averted.

Mrs. John Tansley, of 139 Baker Street, Detroit, Mich., says: "We had a serious time with my daughter. She did not have any serious illness but seemed to gradually waste away. Our doctor called the disease by an old name which as I afterward learned, meant lack of blood. "We finally found the medicine that helped her. After three months' treatment her health was so greatly improved you would not have recognized her. She gained in flesh rapidly and soon was in perfect health. The medicine used was Dr. Williams' Pink Pills for Pale People. I have always kept these pills in the house since and have told many mothers about them. They have effected some wonderful cures."

All the elements necessary to give new life and richness to the blood and restore shattered nerves are contained in a condensed form, in Dr. Williams' Pink Pills for Pale People. They are a specific for troubles peculiar to females, such as suppressions, irregularities and all forms of weakness. They build up the blood, and restore the glow of health to pale and sallow cheeks. In men they effect a radical cure in all cases arising from mental worry, overwork or excesses of whatever nature.

Dr. Williams' Pink Pills for Pale People are sold in boxes (never in loose bulk) at 50 cents, or six boxes for \$2.50, and may be had of all druggists, or direct by mail from Dr. Williams' Medicine Co., Schenectady, N. Y.

A BOER GENERAL INSPECTING VOLUNTEERS.

Every male citizen of the Boer Republic who has reached the age of 15 knows how to handle a rifle, and the boys are as ready as the adults to fight for their country. When volunteers are called for the response are greatly out of the usual proportion of a country's citizenship. Some like the above have been of frequent occurrence recently in Oom Paul's republic.

of fertile land is offered for Rhodes' head, dead or alive.

UNEASINESS IN LONDON.

LONDON, Oct. 24.—The latest dispatches from South Africa are contradictory, and, if anything, increase rather than relieve the feeling of uneasiness prevalent here. It is now certain that General Yule has left his wounded at Dundee and is making a forced march to rejoin General White's forces at Ladysmith. A Cape Town dispatch says that the junction has been effected, but General White makes no mention of the arrival of General Yule in his latest message, which was sent from Ladysmith at 9 p. m. last night. General White tells of a successful skirmish with Free State troops near Ladysmith.

In fact, the War Office dispatch seems to realize the worst fears. General Yule has abandoned not only Dundee, but Glencoe also, so far as present official news would indicate, he has neither joined General White nor reached Ladysmith. General White's "successful action," announced in Parliament by Mr. Wyndham, seems to resolve itself into a mere engaging of the Free State troops while General Yule is slipping southward.

MR. CHOATE MUZZLED.

LONDON, Oct. 24.—The State Department has now put a stop to United States Ambassador Choate speaking at public functions, and he has therefore declined to be present tomorrow night at the dinner of the London Chamber of Commerce to General Benjamin Harrison.

The Chamber first intended that the dinner be a public function, but General Harrison objected to reporters being present, so the Chamber agreed to a private function.

Ambassador Choate wrote to the Chamber, despite this new arrangement, withdrawing his earlier acceptance, saying that he could not be present, as the Government had forbidden him to speak at any function of a public nature.

This order is supposed to be a result of Mr. Choate's utterances last March on the Venezuelan question and other rather free speeches.

The Chamber is much offended. The incident, it is feared, may lead to the withdrawal of the London Chamber's invitation to the New York Chamber to visit England next year.

PRESIDENT WHEELER.

BERKELEY, Oct. 25.—This day marks an epoch in the history of the University of California. Benjamin Ide Wheeler was formally installed as its president.

FROM HONOLULU.

Another Report on Doan's Backache Kidney Pills.

If your poor back still aches,
If you toss all night racked in pain,
If you cannot bend over or straighten up,
Depend upon it, it's your kidneys.
And kidney disorder rapidly leaves of its own accord.
Doan's Backache Kidney Pills are a good kidney medicine.
They cure kidney complaints.
This is how they fulfilled it with a Honolulu citizen:

Mr. A. J. Cahill, of Fort street, this city, night watchman in the employ of Messrs. T. H. Davies & Co., Ltd., says: "Whilst a young man I was a sailor and at one time worked for the Inter Island service. I was, however, obliged to give up sea life on account of severe suffering from my back and kidneys. For this I had tried various remedies, but the one which restored me to health was Doan's Backache Kidney Pills—procured at Hollister's Drug Store. They relieved me completely after years of suffering. If any one desires further particulars he may apply to me. I am to be found at Van Dorn's Ship Chandlery, Fort street."

You should get the same medicine which helped Mr. Cahill. See that the full name DOAN'S BACKACHE KIDNEY PILLS is on the wrapper and refuse any imitation.
Doan's Backache Kidney Pills are sold by all chemists and storekeepers at 50 cents per box, six boxes \$2.50, or will be mailed on receipt of price by the Hollister Drug Co., Honolulu, wholesale agents for the Hawaiian Islands.

TYPHOON'S DEADLY WORK.

VICTORIA, B. C., Oct. 24.—The big typhoon which raged off the Japanese coast on October 7th and 8th and which gave the Empress of India such a buffet, did terrible execution ashore. Hundreds of houses were blown down and immense waves inundated the coast villages, wrecking at least 200 fishing boats with their nets and drowning a number of people.
Official reports had only been received from the Lagenoura section when the Rialun Maru left and there the loss was thirteen killed, thirty-six severely injured and 150 more or less injured.

A Model Plant is not complete without Electric Power, thus dispensing with small engines.

Why not generate your power from one CENTRAL station? One generator can furnish power for your Pump, Centrifugals, Elevators, Flows, Railways and Hoists; also, furnish light and power for a radius of from 15 to 30 miles.

Electric Power being used, saves the labor of hauling coal in your field, also water, and does away with high-priced engineers, and only have one engine to look after in your mill.

Where water power is available it costs nothing to generate Electric Power.

THE HAWAIIAN ELECTRIC COMPANY is now ready to furnish Electric Plants and Generators of all descriptions at short notice, and also has on hand a large stock of Wire, Chandlers and Electrical Goods.

All orders will be given prompt attention, and estimates furnished for Lighting and Power Plants; also, attention is given to House and Marine Wiring.
